## FISCAL COURT MAKES ORDER ABOLISHING ROAD MILITIA

### IF BOND ISSUE CARRIES

Rockcastle Fiscal Court. Call Term.  
September 12, 1912.

Section 4308 of the Kentucky Statutes gives the Fiscal Court of this county that if the proposition to require all able-bodied male citizens of the county, over 18 and under 50 years of age, except licensed ministers of the gospel and citizens of incorporated towns and cities, to provide themselves with necessary tools and implements to work on the public roads of the county not exceeding two days in the week and six days in each year, the militia has shown us that in cases of unusual emergency the system is bad, and it is impossible to require a number of days in the county under that system. A petition having been filed with the County Court, along this line to improve the condition of the roads, but find it impossible to do so under the County Court call an election by system now in use. We know which the sense of the voters that the roads can be much better may be taken on the question of keeping and with much more issuing bonds for the purpose of satisfaction, by maintaining them constructing turnpikes in the by taxation. As provided by the county, and an election to that general law, there will be an effect having been ordered to be ample amount of taxes to maintain those sections of road where

cerning the way a person is received at the dispatcher's office, and we claim if ever a man was royally entertained it is by that august body of men up in that office. You will be met by Mr. R. J. Lemonds, chief dispatcher, who will give you a hearty hand shake and a royal greeting and present you a plush bottom chair. Then if it be in the day time you will be asked to meet Mr. J. P. E. Drummonds, dispatcher, and Mr. L. G. Falin, copier, who are both nice gentlemen, and you can pass the hours in a good jovial way, and then if you wish to meet the second trick men, Mr. J. F. Neighbors, dispatcher, and Mr. W. M. Preston, copier, will arrive at 3:30 and we will vouch you will be well repaid to mingle with them and forget your troubles for a few hours, and if you wish to still remain at 11:30 p.m. you will meet Mr. J. W. Samms, dispatcher, and Joe Childress, copier, and you can remain the rest of the night with as jolly a crowd as you ever met, and if you are not then satisfied, just visit the office down stairs and you will strike a bunch that love to show a stranger a good time. EDITOR MT. VERNON SIGNAL:—  
Recently I had occasion to be in your county and while there I heard a great deal about the voting of bonds for the purpose of building pikes. This movement I heartily indorse. Being reared in Rockcastle county and having practiced medicine there for ten years I realize much more than the average citizen the necessity of good roads and especially do I realize this after having lived in a county and community where good roads abound. I consider this the greatest proposition ever submitted to the voters of your county and I feel that every honest right thinking man will vote for this great measure as it means more to each and every individual and citizen than anything else could possibly mean. Good roads will enhance the value of property save you time and give you comfort in travel and besides open up different avenues for speculation and prosperity. So now's a wishing success to this movement only wish I could be there and allowed to cast my vote for this great cause which means so much for my home county.

Very respectfully,  
W. J. CHILDRESS.

### MANY DRIVEN FROM HOME

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discoverer and cure yourself at home. Stay right there, with friends, and take this same medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing, 50c and \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by Chas. C. Davis.

### "PIKE FAMILY REUNION"

Rev. A. J. Pike is planning one to be held Sept. 29, 1912. What is expected to be one of the largest family reunions ever held in the vicinity of Brodhead Ky., is being arranged by A. J. Pike.

The reunion will be held the 29th day of Sept. 1912 at the Fair grounds, the Park of Brodhead. Our plan is to meet at 9:30 a. m. After devotional exercises we will have a Reunion Sermon preached at 10 o'clock. After that we will have some good singing, a social meeting and greeting and then serve dinner on the ground. At one o'clock we will have another sermon followed by singing and talks.

We invite everybody to come and bring well-filled baskets so that every one may have plenty to eat and we will see that we have plenty of cold water on the grounds.

We especially invite the good roads advocates to be present, it will be a good time to talk bond issue for our people in this part of the county need information on this subject.

So we ask all our friends to come and spend the 29th day of Sept. with us in this reunion in anticipation of that day when we all hope to meet in Heaven where there will be a renewal of the virtuous and endearing friendships of earth and time, where a pervading oneness of principle and sentiment, and unbroken identity of affection and feeling will forever unite in undisturbed indissoluble bonds in the great fraternity of Heaven's long-divided family. Where there will be no possibility of division and discord and where all erring and opposing creeds will be done away but where the children of Christ from every fold will meet to regret the frailty of earth and rejoice in the oneness and friendship of Heaven. So we again invite all to come and be with us.

Respectfully,  
A. J. PIKE.

EDITOR:—The bond issue for  
good roads should win. The peo-  
ple must have better roads and  
the laborers need the money which  
the construction will bring. Al-  
though I am a large tax payer in  
Rockcastle, I shall vote for the  
bond issue and shall assist in  
every way possible to help carry  
this question to victory, for it is  
good business sense and economy  
to build pikes. The best way to  
benefit the greatest number of  
our people now is by selling the  
bonds, get the money in circula-  
tion, and to have all the additional  
benefits the pikes will bring.

Conway, Ky.

EDITOR SIGNAL,  
Mt. Vernon, Ky.,

Dear Sir:—

I am pleased with the move that  
the good people of Rockcastle  
County are making toward turn-  
pike. Have been talking roads in  
my section for the last three years  
besides I have spent \$50.00 for a  
new road in my section which is  
not yet complete, but am still  
working.

Have not met but one man in  
my neighborhood that is opposed  
to the bond issue and his reason  
is that we are taxed too high now.  
His taxes on the bond issue would  
be perhaps less than \$2.00 per  
year and yet he prefers to work 6  
days on a county road on which he  
can only travel about four months  
in the year costing him about  
\$6.00 annually.

This is about as good excuse as  
anyone opposed could make and  
that is not a very good one for me.  
You can count on me being for  
the bond issue.

Yours truly,  
M. A. CHASTEEN.

tinued ill health and being obliged

## 5,000 Old Straw Hats

WE are going to pay you 25 cents for your old Steaw Hat.  
We want to buy every old Straw in the country. We  
will not tell you what we are going to do with them, but we will  
tell you that we are tired of seeing you wear them—every-  
body is. They are a public nuisance at this time of year, so we  
have planned to gather them in—every old seedy over-worked  
straw head piece in this county.

In order to do this we are going to "pull off" the most novel Hat stunt ever  
tried in this country—

# LISTEN, MEN!

Bring us the old straw you are wearing and we will allow you 25 cents for it on any  
purchase of one of our New Fall Styles. Bring in your old straw scare crows and help  
us rid the couatry of these unsightly objects. Remember, this offer is good only from  
now until Saturday night, September 28, 1912.

the most stylish and graceful for the older men who want

county for two or three years, and  
presumably promoting a railroad,

for forgery. He is now on the

## BROWN MEMORIAL SCHOOL

Several new girls have entered  
school during the week.

The tennis court is being put  
into good condition and the girls  
have begun practice upon it.

Mrs. Frost, wife of President  
Frost, of Berea, visited the  
dormitory last week and gave a  
most helpful chapel talk on Thurs-  
day morning.

On Friday morning Rev. N. A.  
Palmer, President of the Anti-  
Saloon League, of Kentucky ad-  
dressed the students at chapel  
on Wednesday morning and told  
us of his trip to New York in  
an interesting talk.

It has come to be recognized  
that a training in Domestic  
Science is a most essential part  
of a girls education since the  
highest idea a girl can have is  
that of being a real homemaker.  
To that end our classes in Home  
Economics have been arranged to  
give the best practical methods of  
care of the home in every de-  
partment and some of the most  
important underlying principles  
governing them. Not only does  
the course deal with cooking and  
sewing but includes also the  
laundry work, care of children,  
invalid cookery, first aid to the  
injury, care of the sick, home  
decoration, and table service.

are in jail here as a result of love  
affairs which led the detectives to  
them. Both announced their  
willingness to return to Virginia  
without requisition. Edwards was

captured tonight as he was re-  
turning to his boarding house after  
having worked all day with a  
paving gang. The detectives  
followed Miss Maude Irler, of  
Mount Airy, Va., where she came  
to Dr. Moines to be with Ed-  
wards, whom she was to have  
married tonight. When she  
stepped into the boarding house  
where the two men lived this  
morning, the officers entered just  
behind her and arrested Allen,  
who surrendered with no show of  
fight. Allen declared the court-  
house tragedy was the fault of the  
court officers, who, he said, began  
shooting. The two men say they  
hid in the mountains for awhile  
after the tragedy, and then got  
over into Kentucky, stopping  
several days in Louisville. They  
also visited in St. Louis.

## WHAT WE NEVER FORGET

according to science, are the things  
associated with our early home life,  
such as Bucklen's Arnica Salve,  
that mother or grandmother used  
to cure our burns, boils, scalds,  
sores, skin eruptions, cuts,  
sprains or bruises. Forty years  
of cures prove its merit. Unrival-  
led for piles, corns or cold sores.  
Only 25 cents at Chas. C. Davis.

The first revolvers made were  
of the old "pepper box" or "come  
quick pattern". There was no  
accuracy in their shooting and it  
was often said "you couldn't hit  
the side of a barn with them".  
Old Cull thought he would have a  
cinch on a bet that he could do it.

He went into the barn closed the  
door shut his eyes and fired. On  
searching for the lodged bullet on  
"the side of the barn" he found  
that it had passed through a knot  
hole striking and killing one of  
his fathers fat shoats. Cull lost  
his bet, a "pepper box" and his  
father a hog.

## COURTESY.

Courtesy is essential to those  
who desire advancement, must be  
accepted as a fact. It is essential  
not only in the transaction of  
ordinary business, as between  
employes and officials, but as a  
stock in trade in dealing with  
the public—of value not only  
to the ambitious employe, but to  
the company. Without it, men  
with other talents and qualifica-  
tions seemingly sufficient, have  
faded with it, those lacking in

many other ways have been suc-  
cessful.—Extract from Bulletin,  
Illinois Railroad Co.

Hon. H. H. Seave, candidate for  
Congress on the Progressive ticket  
in the Eleventh district, attended  
the Fair here two days last week.  
It was his first visit to Monroe  
county and he was very favorably  
impressed with our fair and our  
county generally. While here he  
met many voters of the county  
and laid his case before them.  
He is a very affable gentleman  
and made a good impression during  
his short stay among us. He  
seems to be very confident of his  
election since the district is  
strong for Roosevelt and Progressive  
ticket.—Tompkinsville News.
